## Blockquotes

Blockquotes can also be nested...

...by using additional greater-than signs right next to each other...

...or with spaces between arrows.

## Lists

Unordered

- Create a list by starting a line with `+`, `-`, or `*`
- Sub-lists are made by indenting 2 spaces:
  - Marker character change forces new list start:
    - Ac tristique libero volutpat at
    - Facilisis in pretium nisl aliquet
    - Nulla volutpat aliquam velit
- Very easy!

Ordered

- 1 Lorem ipsum dolor sit amet
  - 2 Consectetur adipiscing elit
  - 3 Integer molestie lorem at massa
- 
- 1 You can use sequential numbers...

2 ...or keep all the numbers as 1.

Start numbering with offset:

57 foo

58 bar

var foo = function (bar) {
  return bar++;
};

console.log(foo(5));
